REQUISITIONS FOR ADMISSION.

Candidates for admission into the Freshman Class are examined in the following or equivalent studies :

English Grammar, Geography, Arithmetic, Algebra through Quadratic Equations. Bullion's Latin Grammar and Reader, Andrew's Latin Lessons. Cæsar (four books), six books of Virgil's Æneid, Cicero's Orations, Bullion's Greek Grammar, Bullion's Greek Reader.

Candidates for a higher standing are examined in the same studies, and also in that part of the course gone over by the class to which they may desire admission.

All students must bring satisfactory testimonials of good moral character ; and those from other Colleges, certificates of dismission in good standing.

Thorough acquaintance with the studies required for admission is indispensably necessary, in order to receive the full benefit of the subsequent College course. It is found by experience that students imperfectly prepared for the class they enter, are embarrassed in their further progress, and seldom repair the want of proper preparatory study.

Anthon's Classical Dictionary, Smith's Grecian and Roman Antiquities, and Mitchell's Ancient Atlas, are used for reference by the Classical Student throughout the Course.

The members of the Senior Class deliver Orations before the Faculty and Students throughout the year. Greek and Latin Composition will be attended to during the first three years of the Classical Course. Dictation, Declamation and Composition, in the French and Spanish Languages, will be attended to throughout the whole Scientific

Course. Chemistry is taught by Recitation and Lecture, accompanied with Experiments. Regular Lectures will be delivered by the President and Professors upon the subjects connected with their several departments.

EXPENSES.

Tuition, per Session of Ten Months	$60 00
Tuition, per Session in Preparatory Department	40 00
Contingent Expenses	5 00

Students in the Preparatory Department studying French, Spanish or German, will be charged the same Tuition as in Collegiate Department.

In addition to the regular charges, a matriculation fee of $5 is paid by each student on first becoming a member of any regular College Class. College charges must be paid semi-annually, in advance.

Day boarding can be obtained at the Steward's Hall for $10 per month. Rooms in the Dormitories free of rent. Board, including lodging, washing, lights and fuel, from $17 to $20 per month.

PRACTICAL INSTRUCTION.

One great object of the instructor should be to make the scholar practical as well as theoretical. Much is left for the teacher to supply which is not found in the text books. There is much valuable information which can only be obtained by oral instruction, by experiment, and practice. With this view, all Recitation and Lecture will be rather practical than theoretical, and the Theodolite, Compass, Sextant, Telescope, etc., will be employed by the Professor in actual observations and surveys, thus properly enforcing and illustrating Mathematical and Philosophical principles by application.

LIBRARY.

The College Library contains about 2000 well selected volumes, of both Ancient and Modern Literature. The importance of such a Library to the reading student, during his Collegiate Course, is too obvious to need remark. The Library is accessible to all students.

APPARATUS AND CABINET.

The College possesses a valuable set of Philosophical, Astronomical and Chemical Apparatus, and also a well-selected Mineralogical and Geological Cabinet. The apparatus includes a Theodolite, Sextant, Compass, Chronometers, Atwood's Machine, Whirling Tables, Electrical Machine, Air Pump, various combinations of the Mechanical Powers, Batteries, Chemical Tests, etc., sufficient for an extended course of observations and experiments.

ALUMNI ASSOCIATION.

There is an annual meeting of the Alumni Association on Tuesday before the first Wednesday in July. At their annual meeting, July 9,

1872, steps were taken to endow a chair in the College, to be called the Alumni Professorship.

LITERARY SOCIETIES.

There are two regular Literary Societies connected with the institution. These are of great utility to young men acquiring a liberal education—improving them in the art of public Speaking, making them in some degree familiar with the proceedings of deliberative bodies, and in cultivating systematic business habits. Each Society has convenient hall and a well-selected Library—about 1600 volumes each.

There is a joint Exhibition of the two Societies in the latter part of February, and an Anniversary Exhibition on Tuesday next preceding Commencement.

REPORTS.

Monthly reports are transmitted to the parent or guardian of each student, showing his scholarship and general deportment.

PREPARATORY DEPARTMENT.

In this Department regular hours of *Study and Recitation* are observed under the *immediate* supervision of the Principal. In other respect the members of this Department are subject to the same general regimen and requisitions as the College students. The students in this Department are arranged and taught with special reference to a preparation for College. Public Declamation monthly. An exhibition of select declaimers in the latter part of February and on Monday night before Commencement. In this Departmen any student not intending to complete a full Collegiate Course, may obtain a thorough English or Commercial Education.

EXTRACTS FROM THE STATUTES.

CHAPTER VI—*Religious Exercises.*—The exercises of every day shall be opened and closed with prayer by the President, or some other member of the Faculty, when all the students shall attend.

2. The students shall attend Divine Worship in the College Chapel, or elsewhere, every Sabbath.

3. The due observance of the Sabbath is earnestly recommended, and all practices inconsistent with the reverence due to the day are expressly prohibited.

CHAPTER XII—*Of Commencements, Sessions, Examinations and Vacations.*

1. There shall be two Annual Examinations ; one in the middle of the session ; the other commencing on Monday preceding the last Wednesday in June. The Commencement Day shall be the first Wednesday in July.

2. The regular Academic Year shall begin on the first Monday in October of each year.

3. There shall be a Vacation from the 24th of December to the 1st of January, and from Commencement Day to the first Monday in October in each year.

Chapter XII—*Of Expenditures.*—Every student whose parent or guardian does not reside in Jackson or immediate vicinity, shall have an Academical guardian, nominated by himself, with the consent of his parent or legal guardian, whose duty it shall be to take charge of the expenditures of such student, and with whom shall be deposited such a sum of money as his parent or guardian may think proper. In the article of pocket money, the strictest economy is most earnestly recommended and requested.

GENERAL INFORMATION.

This College was established by the State of Louisiana in 1825, and was taken under the patronags of the M. E. Church, South, in 1845, and has been constantly growing in importance and usefulness. It is located in the village of Jackson, about twelve miles from Bayou Sara, in a grove of pine, magnolia, oak and beech. The location is remarkable for its beautiful woodlands, its unrivaled healthfulness and rare social advantages.

The government is mild and parental, but consistent and firm; if a student is found to be incorrigibly vicious or idle, he is at once dismissed. The punishment consists of demerit marks, private reproofs, public reproofs, suspension and expulsion. The reward consists of merit marks, and public honors on ths day of Commencement. So that by every incentive—by appeals to all the nobler principles of the nature—by affectionate entreaty and friendly counsel—by the hope of distinction and the fear of disgrace—the Faculty endeavor to maintain order and the purest morality.

The buildings consist of a commodious Stewart's Hall, two brick dormitories, containing each twenty-four rooms, and a magnificent Center Building. This latter has been erected at an expense of over sixty thousand dollars. It contains a chapel for public exhibitions, large enough to seat over two thousand persons, two large Society Halls, a Chapel for prayers, eight commodious Recitation Rooms, one Library Room, Cabinet Room, separate rooms for Chemical and Philosophical Apparatus, an Office, and other rooms for other purposes. In magnitude and architectural beauty, it is a monument to Southern liberality and Southern taste. The buildings were all very much dilapidated during the war, but the work of repairs has progressed as rapidly as could have reasonably been expected. Though much remains to be done, yet the prospects are brightening for their thorough completion at no distant day.
